

2010 Bob Stader Award Recipient

Barbara Casse-Bender, President of BCB Janitorial in Hackensack, NJ, was selected by the NJSSA Board of Trustees to receive the 4th NJSSA Bob Stader Lifetime Achievement Award. She was presented with this prestigious award at the President's Reception, May 4th in The Taj Mahal Hotel Casino & Spa during NJSSA's Biennial Supply Line trade show in Atlantic City, NJ.

Casse-Bender served as Executive Director of the New Jersey Sanitary Supply Association and was responsible for reinvigorating the Supply Line trade show in the 1990s. She was one of the original creators of the Association's Operation Clean Sweep program of community service and helped the association fund two ISSA Scholarships to worthy New Jersey area students. She also served on the Board of Directors of the International Sanitary Supply Association, serving as a District Director from 1999-2001 and as Secretary of the ISSA Board from 2003-2005.

Casse-Bender could not attend the event and her son Rich Casse (shown in photo below, left) accepted the award for her. "My mother wanted me to thank you all for this prestigious honor and to say she wished she could be here in person to once again be a part of the Supply Line show," stated Casse. The award was presented by Ann Stader in memory of Bob Stader, a founding member of NJSSA.
